

Magnetoresistive effects

Non Magnetic Materials (MR)

OMR (Ordinary Magneto Resistance)

EMR (Extraordinary Magneto Resistance)

Magnetic Materials (XMR)

AMR (Anisotropic Magneto Resistance)
Resistance change: 3% to 4%

GMR (Giant Magneto Resistance)
Resistance change: 6% to 100%

CMR (Colossal Magneto Resistance)
Resistance change: well over 100%

TMR (Tunnel Magneto Resistance)
Resistance change: $\approx 50\%$
